Record early registrations for next MAGI conference

Early registrations for MAGI's next Clinical Research Conference are roughly double the numbers from last year. We do not expect attendance to double, but there is limited space, especially in the discounted block of hotel rooms. The conference will be in Boston on May 23-26, 2010. Information can be found at <http://www.magiworld.org/events/2010-East/>.

New name for MAGI

MAGI's mission is to standardize best practices for clinical research operations, business and regulatory compliance. ("MAGI" is pronounced with "G" as in Georgia and "I" as in Ireland.) "MAGI" originally stood for Model Agreement Group Initiative, but our scope is now much broader than clinical trial agreements, so the acronym has no meaning. We are therefore looking for a new name that fits the MAGI acronym. How does "Model Agreements & Guidelines International" sound? Suggestions are welcome.
